Golf Course Superintendents Association of America

Rocky Mountain Golf Course Superintendents Association

Dear RMGCSA members,

During these unprecedented times our personal and professional lives are dealing with so much change and so many unknowns we are pleased to be able to provide some clarity to your professional lives.

Today the Governor's office clarified with RMGCSA that golf course maintenance could continue under Section E of the Governor's order. RMGCSA sent the original request to the Governor for making golf course maintenance an essential business activity on Sunday March 22, 2020. The Governor's office also made it clear that golf courses are to remain closed to public play. No certification or documentation for employees were included in the e-mail response.

E. Minimum Basic Operations. The minimum necessary activities to (1) maintain the value of the business's inventory, ensure security, process payroll and employee benefits, or for related functions; or (2) facilitate employees of the business being able to continue to work remotely from their Residences are allowable pursuant to this Order. Any business supporting Minimum Basic Operations must comply at all times with Social Distancing Requirements.

The full order can be found here: https://drive.google.com/file/d/1lzfYUaxEf-UFSVAzkY_b9Cf1OMP0dIxH/view

RMGCSA will continue to monitor the situation and please continue taking aggressive steps to stop the transmission of COVID-19. Follow CDC guided policies and best practices – such as social distancing, staggering of work schedules to reduce employee contact points, and increased sanitizing of all workspaces and bathrooms, to name just a few.

Please feel free to contact me with any questions.
