LOCAL RULES

Out of Bounds: Defined by white stakes, white lines, perimeter/property fencing measured at the inside of base posts at ground level. When both white stakes and perimeter fencing are present, the boundary is defined by the inside edge of the white OB posts at ground level.

Ground Under Repair: Defined by white, enclosed lines. An area of *ground under repair* adjacent/connected to an *obstruction* is part of that *obstruction*.

Drop Zones: Available as an optional relief option under Rule 17.1 for a ball known or virtually certain to lie in the penalty areas on holes #7 and #16.

Cart Paths: All artificially surfaced paths, walking or cart paths, are *obstructions*.

Environmentally Sensitive Areas (No Play Zones - NPZ): Denoted by green topped penalty area stakes and/or posted signs and is defined by the painted line on the ground. When a ball is in the no play zone within the penalty area, the ball must not be played as it lies and relief must be taken from interference by the no play zone under Rule 17.1e

When the ball lies outside the no play zone and in the general area, interference by the no play zone occurs when anything within the no play zone interferes with the player's stance or the area of intended swing. If interference exists, the player must take relief as follows:

(a) General Area: If the ball lies in the general area, the point on the course nearest to where the ball lies must be determined that (a) is not nearer the hole, (b) avoids interference by the no play zone and (c) is not in a penalty area, bunker or on a putting green. The player must drop a ball, without penalty, within one club-length of the point so determined on a part of the course that fulfills (a), (b) and (c) above.
